

Problem

- Are you in need for beats for your new single, ad, short film, movie, etc?
- Are you having trouble finding high quality beats?
- Are you being copyrighted on Youtube due to beats you used on your recent single, ad, short film, movie, etc?
- Are you tired of using Youtube beats knowing 50,000 other people have downloaded that same beat?

Solution

If you are having any those issues you have came to the right place. I am Glide1. I'm a Professional Music Producer from Compton, Ca. I've produced for some of the biggest artists out of Los Angeles, CA. I've been producing for 2 years now and I have the beats you need. Click on my website to check out high quality beats for any of your upcoming singles, movies, short films, etc. Link To My Website (<https://2important.com/>)

Market

- In May 2020, Goldman Sachs estimated the entire music industry's revenue (live, recorded, and publishing) to increase from \$62 billion in 2017 to \$131 billion in 2030, representing a 6% CAGR. The 2030 estimate was an increase on its original prediction of \$104 billion, made in October 2016. Music Intellectual Property Rights in the Spotlight.

TAM, SAM, & SOM

TAM: \$131 Billion

SAM: 53.77 Billion

SOM: \$500 Thousand - \$5 Million
